

High School Tutoring Bus Routes

Please note that the after school tutoring bus transportation is a drop and go service. The bus driver will make some stops on the way to a drop point; however, the bus will not go down side streets but will drop at the stop signs of streets.

All buses will start at NGA pick up at 4:30, then to JCHS pick up at front of building 4:45. They will then travel to the Middle school for pick up at 5:00. Drop of times will be determined after we know students that will be needing transportation. Every student will also need to sign the behavioral contract. There will be a ZERO Tolerance on the tutoring buses for misbehavior.
